LIFAN E3 45KPH FEATURES

STYLISH DESIGN

MGB has designed an innovative vehicle capable of combining modern style and maximum functionality. An e-scooter in which the attention to detail is extreme: from the footboard to the saddle with a height of 740 mm and an underlying compartment of 18.9L to ensure maximum comfort and practicality; up to the LED lights, double disc brake and frame in carefully selected materials to ensure superior safety

BATTERY PACK

E3 uses the latest-generation lithium-ion battery pack, with a capacity of 1440 Wh. The entire battery weighs only 9 kg. The battery can be recharged in just 6 hours to give up to 35 miles range. An intelligent battery, equipped with a BMS (battery management system) able to protect it from overcharging and excessive discharging

ALLOY SWING ARM

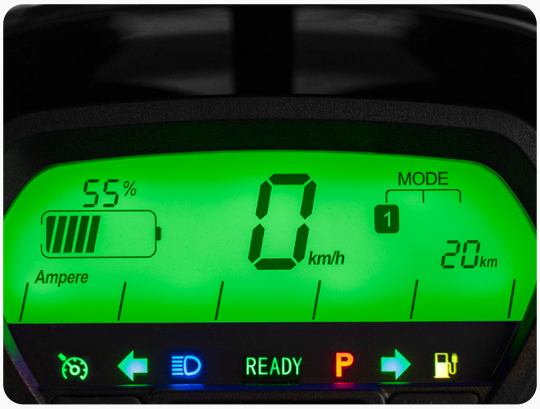
This is a high specification machine with many small details like the Alloy swing arm that would only usually be found on higher priced machines

DISC BRAKES

Hydraulic disc brakes both front and rear give great stopping power and a secure feeling

DIGITAL DISPLAY

Clear and precise digital display gives you all the information you require



LED LIGHTING

LED lighting all-round gives a clean modern look but also help to conserve power giving you the best range possible. It is also highly visible to other road users

BOSCH Motor

The powerful BOSCH 1200w motor provides plenty of power

TWIN SHOCK REAR SUSPENSION

Twin shock rear suspension gives a comfortable ride.

CUBBY AND SHOPING BAG HOOK

Conveniently placed cubby for quick to hand items whilst on the move and a shopping bag hook for bags when you’re out and about.

LED REAR LIGHTING

Bright and clear LED lighting keeps you visible whilst on the road
